

INSTRUCTIONS: UNIT I: RECORD VITAL SIGNS
 UNIT II, III, IV, V & VI: CHECK APPROPRIATE BOXES (UNIT IV: A MOAN CAN BE CHECKED AS "GARBLED")
 UNIT VII: USE THE FOLLOWING NUMBERS:
 4=Normal Strength 3=Slight Weakness 2=50% Reduction in Strength 1=Extreme Weakness 0=Paralysis
 UNIT VIII: USE CODE BELOW BLOCKS

Date:	Time:																			
I. VITAL SIGNS	Blood Pressure																			
	Pulse																			
	Respiration																			
	Temperature																			
II. ORIENTATION	Oriented																			
	Disoriented																			
	Restless/Combative																			
	Conscious/Unconscious																			
III. SPEECH	Clear																			
	Rambling																			
	Garbled																			
	None																			
IV. WILL AWAKEN TO	Name																			
	Shaking																			
	Light pain																			
	Strong pain																			
V. NONVERBAL REACTION TO PAIN	Appropriate																			
	Inappropriate																			
	None																			
VI. ABILITY TO MOVE	Right arm																			
	Left arm																			
	Right leg																			
	Left leg																			
VII. GRIP	Right arm																			
	Left arm																			
VIII. PUPILS	Size on right																			
	Size on left																			
	Reacts on right																			
	Reacts on left																			

PUPIL SIZE 1. R=Reactive 2. RS=R Slowly 3. NR=Nonreactive
